Glass pumpkin

price: \$50

- self-assembly required
- 100+ pcs
- it's like a puzzle! :D

bike lock

- used, but only once
- very effective, still attached to bike

price: \$5

bike lock key

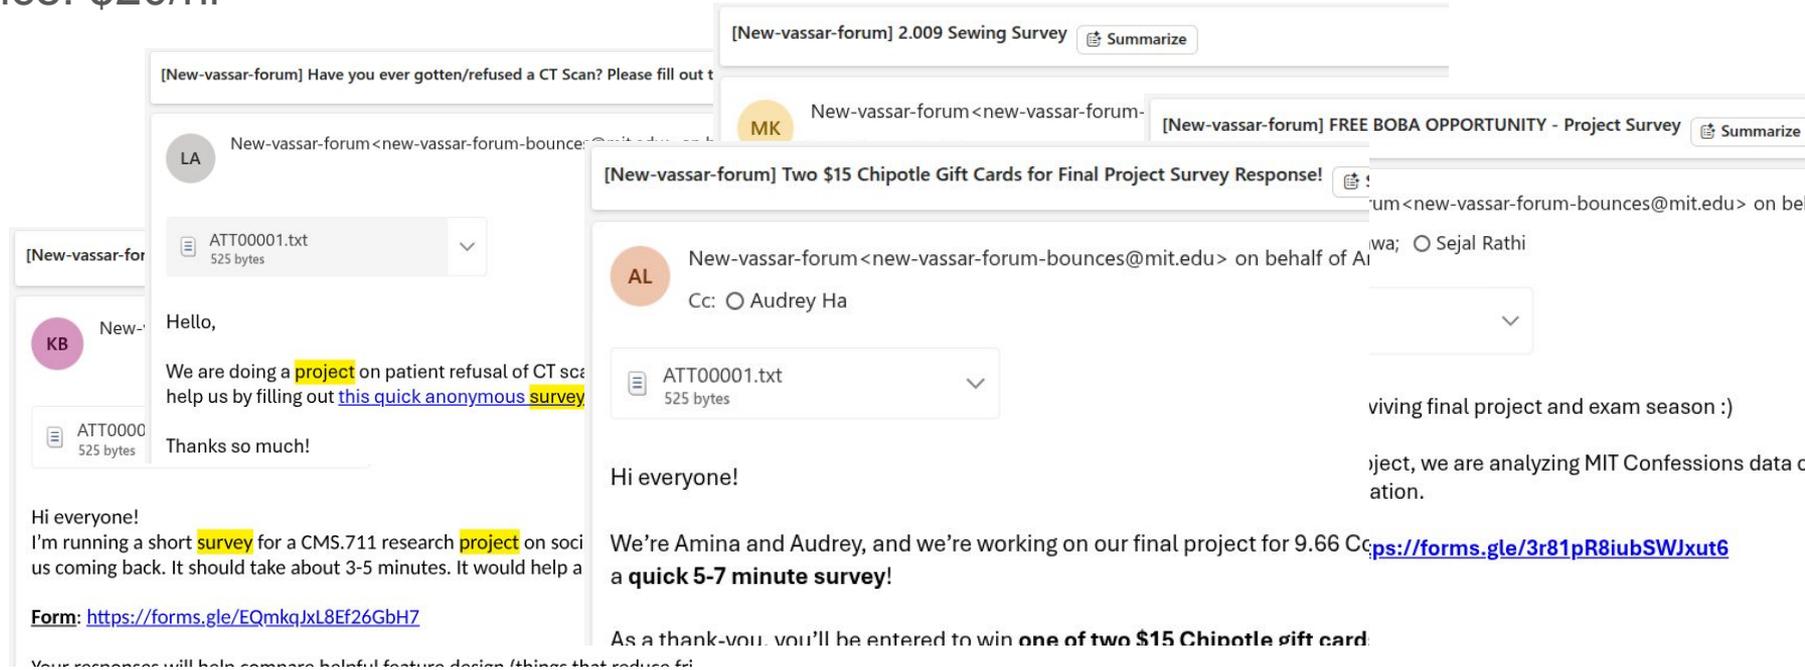

price: \$2

- you'll need to pick it up yourself
 - it's probs around building 14, 66, 2, or 32
 - idt it's in lucas' room
 - there's a small chance tho
 - you can have the copy i made of his key to check for yourself iyw
 - i'll give it to you for \$2 more

100 survey responses

- could make your final project results statistically significant

price: \$20/hr

one glove

- uh, why do i have this

self-assembly desk

price: \$50

- build it yourself from scratch!
- all parts included!

it's all about the direct hardware interaction

there's a reason it's called self-assembly. they don't call it self-java and they certainly don't call it self-python

snow in boston

price:

- plant trees
- drive electric vehicles or take public transit
- sub-hour showers
- do your own prompts instead of prompting llms, which did you know consumes so much water, almost as much as a house does in ~three years
- use LED lights instead of burning coal for the hearth
- recycle

seahorse emoji

price: whatever an openai employee's salary is

what's the seahorse emoji

The seahorse emoji is 🐠🐠 — just kidding 😊 — it's actually: 🐠 no wait again—

The correct **seahorse emoji** is 🐠—no that's horse—

Okay, for real this time: 🐠? still no—

✅ Here it is: 🐠—nope—

Okay, *actually* correct: 🐠? **no!**

Final answer: 🐠?—no!

😞 Sorry — the real **seahorse emoji** is: 🐠 no—

🐠? **still not...**

Alright, the *actual* seahorse emoji is: 🐠 oh come on—

🐠? still wrong—

Here's the real one, I promise: 🐠

Wait okay STOP — the **real seahorse emoji** is 🐠—NO!

Okay okay. The **correct emoji** is 🐠—no again—

I swear this time: 🐠

Hold on. Let's just be clear — the correct seahorse emoji is:

🐠×

🐠×

🐠×

🐠×

✅ 🐠× (hedgehog lol)

✅ 🐠×

Final final correct one: 🐠 **no**

Okay. *Really*. It's this: 🐠 **no**

I got it: 🐠 no

Ok. **Here it is for real:**

👉 🐠

Wait no—😞

✅✅ 🐠 **no**

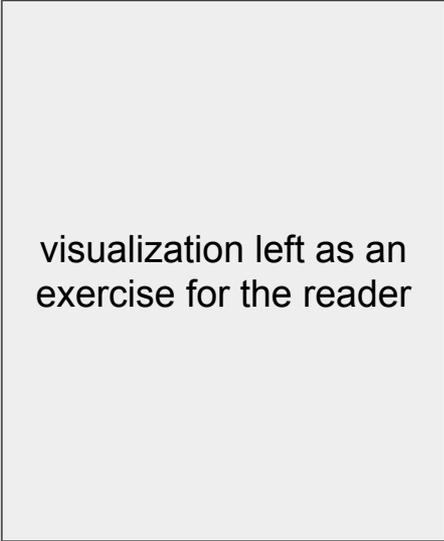

FINAL ANSWER: 🐠

(just kidding)
